IMPORTANT SAFETY INSTRUCTIONS

FOR HOUSEHOLD USE ONLY

WARNING

To reduce the risk of injury, fire, electric shock, and property damage resulting from improper use of the appliance, carefully observe the following instructions. This unit contains electrical connections and moving parts that potentially present risk to the user.

THE POWER NOZZLE, WAND, AND HANDLE CONTAIN ELECTRICAL CONNECTIONS:

- These are not serviceable parts.
 - Do not use to vacuum any liquids.
 - Do not immerse in water.
 - If handle/wand is damaged, discontinue use.
-

- 1** Inspect power cord and plug for any damage before use. **DO NOT** use vacuum cleaner with a damaged cord or plug. Turn off all controls before plugging in or unplugging the vacuum cleaner. Store your vacuum cleaner with the power cord secured around the two cord hooks.
- 2** **DO NOT** use outdoors or on wet surfaces. Use only on dry surfaces.
- 3** Unplug from electrical outlet when not in use and before servicing.
- 4** If vacuum cleaner is not working as it should, or has been dropped, damaged, left outdoors, or dropped into water, return it to SharkNinja Operating LLC for examination, repair, or adjustment.
- 5** The hose contains electrical wires. **DO NOT** use when damaged, cut, or punctured.
- 6** **DO NOT** pull or carry vacuum cleaner by the cord or use the cord as a handle.
- 7** **DO NOT** unplug by pulling on cord. Grasp the plug, not the cord.
- 8** **DO NOT** handle plug or vacuum cleaner with wet hands.

- 9** **DO NOT** run the vacuum cleaner over the power cord, close a door on the cord, or pull the cord around sharp corners.
- 10** The use of an extension cord is **NOT** recommended.
- 11** **DO NOT** leave vacuum cleaner unattended when plugged in.
- 12** Keep cord away from heated surfaces.
- 13** Always turn off the vacuum cleaner before connecting or disconnecting motorized nozzle.

GENERAL USE

- 14** Use only as described in this manual.
- 15** Keep your work area well lit.
- 16** Keep the vacuum cleaner moving over the carpet surface at all times to avoid damaging the carpet fibers.
- 17** **DO NOT** place vacuum cleaner on unstable surfaces such as chairs or tables.
- 18** **DO NOT** put any objects into openings. **DO NOT** use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
- 19** **DO NOT** allow the appliance to be used by children. Close attention is necessary when used near children. This is not a toy.
- 20** **DO NOT** use without dust cup and/or filters in place.

SAVE THESE INSTRUCTIONS

PLEASE READ CAREFULLY BEFORE USE

DUST CUP/FILTERS/ACCESSORIES

Before turning on the vacuum:

- 21** Make sure that all filters are thoroughly dry after routine cleaning.
- 22** Make sure that dust cup and all filters are in place after routine maintenance.
- 23** Make sure accessories are free of blockages.
- 24** Only use Shark®-brand filters and accessories (failure to do so will void the warranty).

HOSE ATTACHMENTS

- 25** DO NOT use if airflow is restricted. If the air paths or the motorized floor nozzle become blocked, turn the vacuum cleaner off and unplug from electrical outlet. Remove all obstructions before you turn on the unit again.
- 26** Keep the end of the hose and accessory openings away from face and body.
- 27** Keep cleaning tools and hose suction openings away from hair, face, fingers, uncovered feet, or loose clothing.
- 28** Only use manufacturer's recommended attachments.

GENERAL CLEANING

- 29** DO NOT vacuum up large objects.
- 30** DO NOT vacuum up hard or sharp objects such as glass, nails, screws, or coins that could damage the vacuum cleaner.

- 31** DO NOT vacuum up drywall dust, fireplace ash, or embers. DO NOT use as an attachment to power tools for dust collection.
- 32** DO NOT vacuum up smoking or burning objects such as hot coals, cigarette butts, or matches.
- 33** DO NOT vacuum up flammable or combustible materials (e.g., lighter fluid, gasoline, or kerosene) or use vacuum in areas where they may be present.
- 34** DO NOT vacuum up toxic solutions (e.g., chlorine bleach, ammonia, or drain cleaner).
- 35** DO NOT use in an enclosed space where vapors are present from paint, paint thinner, moth-proofing substances, flammable dust, or other explosive or toxic materials.
- 36** DO NOT vacuum up any liquids.
- 37** DO NOT immerse vacuum cleaner in water or other liquids.
- 38** Use extra care when cleaning on stairs.

POLARIZED PLUG

To reduce the risk of electric shock, this vacuum cleaner has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. DO NOT force into outlet or try to modify to fit.

GETTING TO KNOW YOUR SHARK® ROTATOR® LIFT-AWAY®

WELCOME!

Congratulations on your purchase. Use this instruction manual to learn about your new vacuum's great features. From assembly to use to maintenance, you will find it all in here.

MAIN UNIT

- A** Hose
- B** Suction Control
- C** Handle Release Latch
- D** Upper Cord Hook
- E** Power Button
- F** Brushroll On/Off Button
- G** Lift-Away® Button
- H** Wand
- I** Wand Release Button
- J** Dust-Cup Release Latch
- K** Lower Cord Hook
- L** Motorized Floor Nozzle
- M** Brushroll Indicator Light
- N** Headlights
- O** Brushroll Garage Release Buttons

ASSEMBLING YOUR VACUUM

 **TIP:** For quick cord access, rotate upper hook down and remove cord.

 **TIP:** To store your vacuum, wrap cord around cord hooks.

 **TIP:** Use cord clip located on the side of wand to hold cord in place while vacuuming.

STEP 1

- 1** Place the pod onto floor nozzle.

STEP 2

- 2** Slide wand into base of pod.

STEP 3

STEP 4

3 Insert handle into top of wand. Then attach hose to hose connector on base of pod.

4 Insert tools into accessory holder, then secure the hose to the hose clip by pushing the knob into its socket.

USING YOUR VACUUM IN UPRIGHT MODE

⚠ WARNING: DO NOT use to vacuum up drywall dust, fireplace ash, or embers. DO NOT use as an attachment to power tools for dust collection.

WHAT DOES THE BRUSHROLL INDICATOR LIGHT MEAN?

Solid Green

The brushroll is on and working as it should.

Solid Red

There is a jam in the brushroll area. Turn your vacuum off and remove the blockage.

No Light

The brushroll is off. To turn it on, press the Brushroll button. The light should turn green, and the brushroll should spin.

STEP 1

- 1 Plug power cord into outlet. Place foot on floor nozzle and tilt handle back.

STEP 2

- 2** Press the power button to clean hard floor surfaces, area rugs, or above-floor. The brushroll will not spin in this mode.

STEP 3

- 3** Press the power button and Brushroll to clean carpets. The Brushroll Indicator Light on the nozzle will illuminate green. The brushroll will spin only when the vacuum is reclined and the Brushroll Indicator Light is green.

NOTE: For deep cleaning per ASTM F 608 (embedded dirt in carpets) please ensure brushroll is on with the suction control closed.

USING YOUR VACUUM IN ABOVE-FLOOR MODE

THE BENEFITS OF SUCTION CONTROL

Suction Control is a way for you to adjust suction power when you are using different tools or vacuuming different surfaces. For example, if you are feeling resistance while vacuuming thick carpet or upholstery, opening the suction control to MIN will help reduce your push/pull effort.

STEP 1

1 To clean within short reach, push handle latch down, then lift the handle up off of the wand.

OR Press Wand Release button on pod when you need to clean with a longer reach.

STEP 2

- 2** Attach desired accessory to the wand or handle.

STEP 3

- 3** The suction control is located at the base of the top handle. Suction Control offers variable suction based on your needs. Slide toward MIN to minimize suction, and slide toward MAX to maximize suction.

USING YOUR VACUUM IN LIFT-AWAY® MODE

⚠ WARNING: Lift-Away mode requires stable footing. Using Lift-Away mode when you lack stability may result in personal injury.

💡 TIP: Hold pod in hand when cleaning in Lift-Away mode.

WHAT IS LIFT-AWAY?

Our Lift-Away feature allows you to remove the pod from the floor nozzle to easily clean stairs, above-floor areas with accessories, or hard floors with the hard-floor attachments.

LIFT-AWAY CLEANING

- 1 Press LIFT-AWAY to lift pod off floor nozzle.

- 2** Press the Wand Release button to release the wand. To release the handle only, push the handle latch down and lift handle up.
- 3** Attach desired cleaning tool to the end of handle or wand.

USING YOUR CADDY

If your vacuum comes with a caddy, use these instructions.

To purchase a caddy, go to sharkclean.com

TIP: Use the posts on the caddy to store additional cleaning accessories.

- 1** Press LIFT-AWAY to lift pod off floor nozzle and place pod onto canister caddy.
- 2** Press the Wand Release button to release the wand. To release the handle only, push the handle latch down and lift up.

- 3** Attach preferred accessory to the wand or handle.

- 4** To release pod from caddy, press LIFT-AWAY and lift the pod.

COMPATIBLE ACCESSORIES

There are a variety of accessories that are compatible with this vacuum series.

The top flap of your box shows the select accessories that are included with your model.

To purchase additional accessories, go to sharkclean.com

A Pet Multi Tool

Two cleaning tools in one—the stiff bristle brush gets stuck on debris off a multitude of surfaces. Remove the bristles to reveal an upholstery tool for removing stubborn pet hair from upholstery and more.

B Caddy

Transforms your Rotator into a canister vacuum, giving you the freedom to roll the pod along while keeping cleaning tools close by.

C Hard Floor Hero

Provides outstanding hard floor cleaning for not just surface litter, but also stuck on dust and debris. It is small enough to get into the hard-to-reach areas and has the convenient option to store on board.

D Duster Crevice

Two cleaning tools in one—the crevice tool gives you extended cleaning reach for small spaces, while the dusting brush cleans a multitude of surfaces.

C

D

MAINTENANCE

To keep your vacuum's suction power optimal, follow these instructions. Make sure unit is off and cord is unplugged.

⚠ WARNING: To reduce the risk of shock and unintended operation, turn power off and unplug unit before servicing.

Hand wash with water only to prevent damage from cleaning chemicals. Allow ALL filters to dry completely before replacing in the vacuum to prevent liquid from being drawn into electric parts.

★ IMPORTANT: Do not use soap when cleaning the HEPA filter.

RECOMMENDED FILTER CLEANING SCHEDULE:

Pre-Motor Filter Kit

(Foam & Felt)
XFF600
Clean every 3 months.

Post-Motor Filter

(HEPA)
XHF600
Clean once a year.

STEP 1

STEP 2

EMPTYING THE DUST CUP

- 1 Lift the dust cup off the pod by pulling up on the release latches on the sides of the dust cup handle.
- 2 Hold dust cup over a trash bin and press the bottom dust-cup release latch.

STEP 3

CLEANING THE FILTERS

- 3** Press top dust-cup release latch to access dust screen and remove built-up debris as required.

1 Pre-Motor (foam and felt):

With the dust cup removed, take out the foam and felt filters, and rinse with water. Tap loose dirt off filters between washes as needed.

2 Post-Motor (HEPA):

To access the HEPA filter, reach under the grill, pull the latch forward, and pull the grill away from the vacuum. Remove and rinse the HEPA filter.

MAINTENANCE

⚠ WARNING: To reduce the risk of shock and unintended operation, turn power off and unplug unit before servicing.

NOTE: Remove dust cup, wand, and floor nozzle and check all dust-cup intake openings.

NOTE: Remove the handle from the extension wand and check for blockages.

CHECKING FOR BLOCKAGES FLOOR NOZZLE

- 1 Tilt neck of floor nozzle back to straighten the airway and open the garage door. To clear a blockage, insert a long object such as a wooden spoon into the nozzle connector.

STEP 1

STEP 2

STEP 3

CLEANING THE BRUSHROLL

- 1** Press Brushroll Garage buttons to pop up the garage door.
- 2** Lift the brushroll out by the tab on the left side.
- 3** Remove any string, hair or debris that may be wrapped around the brushroll.

TROUBLESHOOTING GUIDE

⚠ WARNING: To reduce the risk of shock and unintended operation, turn power off and unplug unit before servicing.

Vacuum is not picking up debris. No suction or light suction.

(Refer to Maintenance section for more information.)

- Check filters to see if they need cleaning. Follow instructions for rinsing and drying the filters before re-inserting in the vacuum.
- Dust cup may be full; empty dust cup.
- Check hose, hose connections, nozzle, and accessories for blockages; clear blockages if required.
- Remove any string, carpet fibers, or hair that may be wrapped around the brushroll.

Vacuum lifts area rugs.

- Turn off unit to disengage the brushroll. Ensure brushroll is turned off and restart with the POWER button for suction-only cleaning.
- Suction is powerful. Take care when vacuuming area rugs or rugs with delicately sewn edges.
- To minimize suction, refer to Suction Control section for more information on how to use.

Brushroll does not spin.

- If Brushroll Indicator Light on the floor nozzle turns red, the brushroll has stopped spinning. Immediately turn off and unplug vacuum and remove blockage before reconnecting and turning vacuum back on.
- With the power on, recline the handle, which will automatically turn on the brushroll.
- Ensure that the Brushroll button is on for brushroll to spin.

Vacuum turns off on its own or Brushroll Indicator Light flashes red.

- This vacuum is equipped with a motor-protective thermostat. If your vacuum overheats, the thermostat will automatically turn the suction motor off. Perform the following steps to restart the thermostat:
 1. Turn vacuum off and unplug it.
 2. Empty dust cup and clean filters (see Maintenance section).
 3. Check for blockages in hose, accessories, and inlet openings.
 4. Allow unit to cool for a minimum of 45 minutes.
 5. Plug in vacuum and turn it on.
 6. Restart the unit with either brushroll on or off.

Note: If vacuum still does not start, contact Customer Service at 1-800-798-7398.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.

[illegible]

Shark | NINJA FIVE (5) YEAR LIMITED WARRANTY

The 5-Year Limited Warranty applies to purchases made from authorized retailers of **SharkNinja Operating LLC**. Warranty coverage applies to the original owner and to the original product only and is not transferable.

SharkNinja warrants that the unit shall be free from defects in material and workmanship for a period of 5 years from the date of purchase when it is used under normal household conditions and maintained according to the requirements outlined in this instruction manual, subject to the following conditions and exclusions.

What is covered in my warranty?

1. The original unit and/or non-wearable components deemed defective, in SharkNinja's sole discretion, will be repaired or replaced for up to 5 years from the original purchase date.
2. In the rare event that a replacement unit is issued, the warranty coverage ends six months following the receipt date of the replacement unit or the remainder of the existing warranty, whichever is greater. If the unit is replaced, SharkNinja reserves the right to replace the unit with one of equal or greater value.

What is not covered in my warranty?

Our Customer Care/Product Specialists are available to provide all the warranty service options available to you, including the possibility of upgrading to our VIP Warranty Service Options for select product categories.

1. Normal wear and tear of wearable parts such as foam filters, HEPA filters, pads etc., which require regular maintenance and/or replacement to ensure the proper functioning of your unit are not covered by this warranty.
2. Any unit that has been tampered with or used for commercial purposes.
3. SharkNinja will cover the cost for the customer to send in the unit to us for repair or replacement. A fee of \$19.95 for return shipping costs will be charged at the time of return shipment of the repaired or replacement unit.
4. Damage caused by misuse, abuse, or negligent handling, or damage due to mishandling in transit.
5. Consequential and incidental damages.
6. Defects caused by or resulting from damages from shipping or from repairs, service, or alteration to the product or any of its parts which have been performed by a repair person not authorized by SharkNinja.
7. Products purchased, used or operated outside of North America.

Problems with your unit/How to get service

If your appliance fails to operate properly while in use under normal household conditions within the warranty period, visit sharkclean.com for product care/maintenance self-help. Our customer care and product specialists are also available at 1-800-798-7398 to assist with product support and warranty service options.

How to initiate a warranty claim

You must first activate your warranty by registering your unit online at sharkclean.com/customersupport. (Note: Purchases made directly from SharkNinja are automatically registered with us and the warranty activated.) Alternatively you can call 1-800-798-7398 to have a customer care specialist assist you. Please note you must call 1-800-798-7398 to initiate a warranty claim. Return and Packing Instruction information will be provided at that time.

The customer care line is open Monday-Saturday, 7am-11pm ET and Sunday, 9am-8pm ET.

Replacement parts are available for purchase at sharkclean.com. For more information on what is classified as wearable and non-wearable parts, please visit sharkwarranty.com.

This warranty gives you specific legal rights, and you also may have other rights that vary from state to state.

Some states do not permit the exclusion or limitation of incidental or consequential damages, so the above may not apply to you.
