FEATURES

A. RADIO. Our AM/FM/WB Stereo with CD Player features large, easy to use buttons, SD card slot, USB input and an auxiliary input that lets you listen to music from your iPod or other MP3 player.

B. BACK-UP CAMERA. Our optional new integrated backup camera/rear-view mirror with a compass and temperature feature offer the ultimate convenience in both maneuvering your coach and keeping an eye on things behind you.

C. ELECTRIC AWNING. Our standard electric awning will have you under shelter with the touch of a button.

S

FEATURES

A. AUTOMATIC LEVELING JACKS.

The automatic hydraulic leveling jacks (optional) take the stress out of finding that "perfect" spot.

B. 15,000 BTU A/C WITH HEAT PUMP

With the option of a 15,000 BTU Air Conditioner, you get more cooling power for those really hot summer days. And, with a built in heat pump, you'll help keep warm on those cool fall days.

C. BUBBLE TESTING.

Every Sunseeker is pressurized and soap tested at every seam and opening to ensure a water tight seal.

D. PDI BUILDING.

Forest River has a 20,000 sq. ft. PDI facility demonstrating our commitment to quality. We double check the electrical system, plumbing system and re-inspect your RV inside and out. Our rain booth has 184 spray heads that produces the equivalent of 24 inches of rain per hour!

E. ROTOCAST.

Seamless rotocast storage compartments are not only impact & corrosion resistant but they are also much easier to clean than cheaper carpeted, galvanized compartments.

F. DRAWER GUIDES.

Our full extension ball bearing drawer guides provide smooth, reliable operation as well as full access to the drawers contents.

A

B

(Left) The Sunseeker's overhead bunk provides a handy place for all your personal belongs at bedtime. It provides two storage compartments, drink holders and a outlet to make sure you're recharged in the morning.

(Below) Our unique "fold-flat" dinette means there is no need to sleep curled up in a ball. Without fixed backs, the dinette allows you to stretch out while sleeping.

FOREST RIVER ENCOURAGES YOU TO BUY LOCALLY FROM YOUR HOMETOWN DEALER

Forest River, Inc. strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following factors:

Our Dealers are as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not contractually obligated to perform warranty service on Forest River products that were purchased elsewhere. There may be an occasion that you would be required to return to the point of purchase to satisfy warranty requirements.

Although many dealerships will eventually service products not purchased at their place of business, they will usually take care of their customers and other Forest River customers who are traveling away from their local dealer as they would their own.

Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "home town" professional.

The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation is an additional benefit of buying from your local dealer. Further providing the opportunity for refresher courses or the ability to get questions answered much more conveniently.

For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not insurmountable, these requirements may involve such things as additional inspections

and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.

Forest River's goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying local, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction and the realization of your dreams.
